

I manage Fraser Valley Tireland in Chilliwack B.C. We have the utmost respect for the service and quality of product produced by TDD Inc/ Wheelspacers.ca. I have the spacers on my own vehicle as well as a few other custom parts designed and built by Phil personally. He always goes over what we ask for to be sure that we get exactly what we need. His technical knowledge and expertise are greatly respected and appreciated by us here at Fraser Valley Tireland.

Thank you.  
Leith McDonald.

Manager Fraser Valley Tireland.
